

## **PETITION TO BCP TO CREATE A CHRISTCHURCH ONLY PLANNING COMMITTEE**

- Recent planning decisions have shown that Christchurch has suffered from BCP forcing through undesirable decisions, due to the fact only 3 out of 15 members of the planning committee are Christchurch based and often get overruled.
- We have created an online e-petition to sign in order to achieve 2000 signatures required to have this discussed at cabinet level within BCP.
- Please add your name to this important E-Petition at:
